SOFTWARE DEVELOPER | WEB DEVELOPER

Web Development | Software Development | Open-Source Contribution

Detail-oriented and innovative Software Developer with a strong foundation in web development, particularly adept in ReactJS (TypeScript), HTML, CSS, and JavaScript. Demonstrated proficiency in .NET development and integration, with a keen interest in transitioning to a role at Centroid Solutions as a React.JS Developer. Eager to leverage existing skills and learn new technologies to contribute effectively to innovative trading applications as a Technical Support Engineer, combining skills in web design, software development, and problem-solving..

WORK EXPERIENCE

Freelance

01/2022 – Present

Web Developer | Software Developer

1- .NET Development and Integration:

- Developed and contributed to .NET framework applications, ensuring efficient and scalable solutions with MS SQL & Oracle integration.
- Leveraged expertise in .NET Core for web and desktop application development, meeting industry standards and client requirements.
- Collaborated with product teams to align technical decisions with business objectives.

2- Web Development and Optimization:

- Conducted comprehensive testing and implemented optimization techniques, resulting in improved website performance.
- Implemented software design patterns and architectural principles for maintainability and scalability.

3- GitHub Contribution:

- Actively participated in open-source projects on GitHub, contributing code, sharing knowledge, and promoting collaboration within the community.
- Engaged in code reviews, project planning, and design discussions to maintain high code quality and foster innovation.
